

Carlton Community Church (AoG) is a growing church on the eastside of Nottingham and currently has around 70 or so members, which includes children. We are seeking to strengthen our areas of ministry to children though working with the children who are in the church. Also through Messy Church, which is an outward reaching event to children in some of the local schools. We have run several successful such events and have a good standing in the neighbourhood.

Several months ago, we started a youth ministry which meets on Friday evenings called Purpose, and currently attracts some 14 young people to it, some from the church and some as a result of the outreach into the local schools.

In addition to our children and youth ministry, we also run a weekly toddler group (Chatterbox), a group for the more mature of age (Cameo) and a charity shop (Second Chance). Other outreach events include a Guest Breakfast which occurs 3 times per year. We also host a Community Carol Service which is held in a local leisure centre which has attracted up to 200 people, witness at the local shops and singing in a local care home.
