Description of the church / town / location

Grace Community Church is a family church of around 100 adults and children who gather together on Sunday mornings as well as in other mid-week activities that seek to grow and equip people as followers of Jesus. We work closely with a local school and engage with our local community more generally, with some community groups using our facilities, including a local pre-school. In addition we have strong relationships with other churches across Maidstone as well as having links with ministries and churches overseas.

The church currently employs one full time pastor (the post being advertised here) and a part time administrator.

Located in the south of Maidstone, in an area of private and social housing, the current church has been operating for 30 years, although there has been a church on the site for 90 years. We are blessed to have our own building and are engaged in a £350,000 building project to upgrade our premises.
